

DAVNE TEMPRANILLO

WINE OF SPAIN

Wine making process

The harvest is carried out between September and October, taking advantage of the freshness of the mornings to preserve the aromas and keep the grapes in perfect conditions. Fermentation in stainless steel tanks at controlled temperature. After clarifying it, we keep it in the bottle.

La vendimia se realiza entre los meses de septiembre y octubre aprovechando el frescor de las mañanas para conservar los aromas y mantener las uvas en perfectas condiciones. Fermentación en depósito de acero inoxidable a temperatura controlada. Clarificado y posterior guarda en botella.
